

SMART HOME

A full-page background image of the Statue of Liberty in New York City at sunset. The statue is shown from the waist up, holding the torch in its right hand and the tablet in its left. The sky is a mix of orange, red, and blue, with city lights visible in the background. The text is overlaid on the upper half of the image.

# **Innovation** from United States to the World

## Designed in the USA

MICROAXS is a brand of Microlink Networks with its headquarters in USA, UK and MENA, a family business at a global scale.

MicroaXs means smart home automation, easy to install and to set up, with complete features for the control of lights, window shutters, air conditioning, security and audio.

We constantly develop, innovate high quality new design, efficiency and user experience trends at the same time all solutions are strictly controlled in terms of quality, thus ensuring an outstanding performance.

Our R&D team is constantly anticipating new design, efficiency and user experience trends and at the same time all solutions are strictly controlled in terms of quality, thus ensuring an outstanding performance.

With thousands of MICROAXS products installed worldwide, we keep reinventing our technology to bring you the best comfort and energy efficiency.

# *Ultra*

Design series

all you need is **MICROAXS...**
