

MX-09

One-Door Access Controller

Overview

- EM/ID Card format /125KHz (MF1 IC Option).
- Operating Voltage: DC12V.
- Reading Distance: >100mm.
- Opening Mode: Card, Code, Card +Code.
- Storage: 1000 users (4000 user is option).
- Support management card easy to add user card and delete user card.
- Dimensions: 120*78*22mm.
- Gross Weight: 0.20kg.

Features

- 1.Management card can add or delete user cards easily, convenient operation.
- 2.Access control keypad containing 1000 users with code.
- 3.Opening Mode: Card, Code, Card +Code.

MX-09

One-Door Access Controller

Specification

Model	MX-09EM	MX-09MF
Identification Type	EM (ID) card /125KHz	Mifare /IC Card /13.56MHz
Operating Voltage	DC 12V±10%	
Operating current	< 100mA	
Storage	1000 User Card	4000 User Card
Ambient Temperature	0°C~60°C	
Ambient Humidity	20%~80%	
Card Reading Distance	5—15CM	
Dimension	120×78×22 (mm)	
Gross Weight	110g
